

Traditional Biblical Values for Next Generations (Rom. 12:2)

Dear Fellow Pastors, Friends and Families:

Here is the link for our Protect Kids CA petition pledge!!

Please send it to as many people as possible!!! We aim to mobilize 10K people to collect 100 signatures each in the next 3 weeks and either bring them to the Capitol on April 13th or mail them in!

That's 1 million signatures!!! We must go all out in order to be placed on THIS November 2024 ballot!!!

It's GAME DAY to SAVE OUR CHILDREN! Please ASK everyone you know and spread this like wildfire!!!!

Here is a very simple 2-STEP strategy for you to collect 100 signatures in the next 3 weeks:

1. **Prepare the packages:** Flyer and seven pages of petitions (includes instructions & top funders)
2. **After a person signs the petition, *GIVE each signer*** a package of flyer and a couple of petitions you prepared and ***ASK them to get signatures*** from their families and friends.
(Tell them we need to collect over 700K signatures to protect CA kids from the dangerous sex reassignment surgeries and hormone therapy)

Dear Pastor,

We pray this letter finds you well and in good spirits. We have a VERY URGENT request. In less than two and a half weeks is the deadline to turn in the signatures for the Protect Kids California Act. If you don't already know what this is- it is a statewide Initiative sponsored by churches across California to protect children and biblical values. Without your help we can't get this Initiative passed!

Our state has been under attack for years but now more than ever the children of California are being victimized at schools and ostracized from their parents. This initiative will do three things 1) protect parental rights 2) protect girls sports and girls spaces (boys will no longer be allowed to participate in girls' sports, use girls bathrooms or locker rooms) 3) prevent any child under the age of 18 from taking any kind of hormone treatment, puberty blockers, or have any permanent surgeries on their bodies. This Initiative is a last resort as thousands upon thousands of children are currently being deceived by the public school system and are taking hormone treatments- which once children typically have the surgery end up with a 80-90% suicide rate. It is time for the body of Christ, the church to stand up in THIS HOUR!

Will you please SIGN THE PETITION TODAY to save the next generation and help us put to death a multimillion/multibillion dollar industry whose sole purpose is to destroy our children? There are 6 million children in the public school system and we need to fight for them.

We set a goal to have 10k people gather 100 signatures each and meet us at the Capitol on April 13th to turn them in or mail them by that date! That is 1 million signatures and will guarantee this Initiative to be on the November 2024 ballot.

Please we beg you to join us in this effort. Please pledge today at www.timetostand.org/pledge. You can pledge 5 signatures, 50 signatures, 100 signatures, 5k signatures or whatever you want! Following the pledge we have an informational video of how to sign the petition and the petition itself. You can also go to www.protectkidsca.com to download the petition.

Please let us know if you have any questions or if you would like a team of our people to come and set up tables at your church and gather them for you! Time is running out! We hope to see you in Sacramento on April 13th! Call Sarah Stephens for questions at: 626.513.6631 or email: sarah@timestand.org

God bless and God speed!
